### TYPICAL SPECIFICATION

The ventilation fan ELT80-110LED features a Brushless DC Motor engineered to run continuously for a minimum of 70,000 hours. With a standard 6" duct, it boasts an airflow rating of 110 CFM and a sound rating of 0.7 Sones at 0.1" static pressure, certified by the Home Ventilating Institute (HVI). The fan operates with a power consumption of 10.3 Watts and achieves an efficiency rating of 10.6 CFM/Watt at 0.1" static pressure. Additionally, it includes motor lock protection and self-compensating motor speed to maintain intended airflow when encountering static pressure. The ELT80-110LED is UL and cUL listed for use in tub/shower enclosures when connected to GFCI-protected branch circuit wiring.
